What your responsible for:

SLCC is a busy place and there are often many events scheduled to happen in one day. Because of this, when you book your 2 hour party, you have 15 minutes before to set up and 15 minutes after the party to clean up. If you require extra time for your activities or set-up/clean-up time, an extra charge will apply. You are responsible for cleaning up after your party; putting away all equipment, tables and chairs and sweeping. For further information, please request a copy of our birthday party contract.
